The delay was due to COVID-19. NC statute allows property owners 30 days to appeal new valuations. The 30 day window falls during the end of fiscal year 2020 causing a delay in passing a final 20-21 budget. Commissioner Covington made a motion to pass the Interim Budget as presented. Mayor Pro Tem McAuley seconded the motion. Interim Budget was passed unanimously.

B. Summer Park Program and Pool – Due to COVID-19 restrictions placed upon Public Pools and Parks by Governor Cooper's Executive Order No. 121, Town Manager Matt Christian recommended that the pool and Summer Park Program not be open at all this summer. Commissioner Richardson expressed her desire to wait to see if COVID-19 statistics improved before cancelling everything completely. Town Manager Christian

explained the difficulty in staffing for the summer by waiting to make this decision. Several lifeguards are in need of lifesaving recertification and the classes they need to take are not even available currently. Commissioner Covington made a motion to cancel Park Program and close the pool for the summer with an option to reverse this decision later if the situation with the pandemic improves. Commissioner Richardson seconded the motion. Motion passed unanimously.

### C. Main Street Storm Drain Presentation

Rob McIntyre and Adam Kiker of LKC Engineering presented the Board with a map and information pertaining to the storm drains that run under Main and Ingram Streets and the repair(s) that need to be done to correct drainage issues. Ref: Speed Bumps on South Cedar Street

Mayor and Board of Commissioners:

Please accept this petition as a request, plea and letter of support to address the need for the installation of speed bumps on South Cedar Street.

For the past year the residents on South Cedar Street have had issues with vehicles speeding in the access of the 25 mile per hour speed limit. The police have patrol somewhat but the speeding still exists. Chief Preslar suggested at one point of having speed bumps installed to slow the traffic down.

After all residents talked it over, we are presenting a signed petition by all residents that live on South Cedar Street for four (4) speed bumps. South Cedar Street runs from West Allenton to West Scarborough Street, which is approximately 8/10 of a mile. To help all residents on this street we feel it would take 4 speed bumps to slow the traffic down.

We are asking for the attention and consideration of the Mayor and Board of Commissioners to approved this request. Again, all residents feel this is necessary to slow the traffic down on South Cedar Street.

Thank you from all of the residents of South Cedar Street.

Sincerely,

mithell V. Jucas

RE:	Mt. Gilead Comprehensive Plan Survey

The online survey for the Town's Comprehensive Planning effort, *Mt. Gilead Moving Ahead*, was slated to close on June 30<sup>th</sup>. However, Taylor Broyhill, Planning Principal at Mosaic Civic Studio, reported a low response rate from Mt. Gilead's African American community indicating that the survey has not reached this community which comprises nearly half of Mt. Gilead's population. In order to solicit greater representation from the African American community the online survey will remain open for an additional month through July 31, 2020. The online survey is available directly at https://www.surveymonkey.com/r/PQD8H3R OR the *Mt. Gilead Moving Ahead* Facebook Page: https://www.facebook.com/mtgileadnc/

Additionally, Town staff are preparing print versions of the survey and corresponding materials (Vision Statements, Policy Goals, Future Land Use Map, & Supporting Visuals) to provide a paper option for citizens and stakeholders who do not have internet access. Completed paper surveys will also need to be completed and returned to Town Hall by July 31<sup>st</sup>, 2020.

Mosaic Civic Studio is requesting the assistance of the Town Council to encourage public participation and generate survey responses from under-represented populations either through the online format or via the paper packets which can be provided to citizens to fill out and return to Town Hall.

Public input is crucial to the comprehensive planning process in order to define a shared community vision for the future of Mt. Gilead. Please reach out to your fellow citizens for their responses. Included in your agenda packet are copies of the paper version of the survey. More copies are available at the Town Hall.

### **Highlights for the Month**

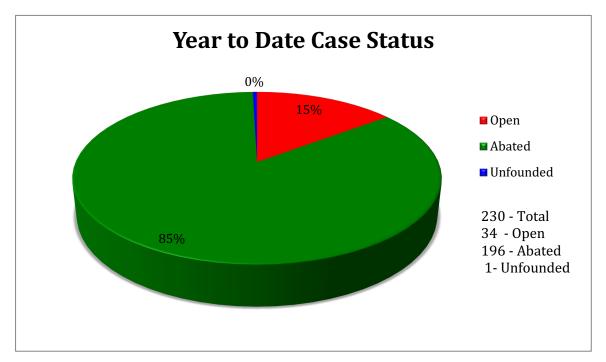

- Per the direction from the Board, we have made the change to address the nuisance issues facing the Town. Where our primary focus was previously on minimum housing, we are now focused on Overgrown Lots, Junk Piles, Junk Vehicles and any other nuisance issues that cause concern with the citizens of the Town of Mt Gilead.
- Year end, we have opened 230 cases and have abated 196. This means our abated rate of closure is 85%. Based on our previous average of 25 hours per week, that averages 1.3 hours spent on each case. These are really good numbers and we are excited to share them with you.
