ITEM IV. OLD BUSINESS

A. Engineering Survey Proposal for Sewer System – LKC Engineering - Updates on Tabled Proposal

Rob McIntyre with LKC Engineering was present via Zoom to answer any questions the Board may have concerning the proposed Agreement for Professional services that had been tabled from the September 7, 2021 meeting to allow the Board and staff to research and determine the best way to finance this study. Interim Manager Bill Zell reported that the American Rescue Plan (ARP) funding would be the most logical way to fund this project. It is an approved expenditure per Rob McIntyre for these ARP funds. The total cost to complete the survey is \$102,000 which includes completing eight tasks – Lilly's Bridge Road capacity analysis, Lift Station #4 and force main analysis, WWTP rehab and expansion, researching unsewered areas inside the city limits, 15" sewer outfall from HWY 731 SE to NC HWY 109, 12" sewer outfall from HWY 731 NE to Gin St. and 8" sewer line on NC HWY 731, (optional) CCTV provided on a Time and Expense basis and a final report.

The Town has received \$180,000 ARP funds for the 21-22 year which would pay for this expense. Commissioner Richardson made a motion to approve the proposal. Commissioner Lucas seconded the motion. Motion carried unanimously.

- B. Budget Amendment BA22-0906-01
BA22-0906-01 is to amend the increased engineering costs for the East Allenton St. Sidewalk Project Ordinance. The Board of Commissioners approved Withers/Ravenel construction engineering quote of \$40,837 at the April 2021 board meeting which increased the engineering cost for the project by \$27,337. The BOC tabled this from the September 7, 2021, board meeting so that the Interim Manager could check with Withers/Ravenel and NCDOT on up-to-date construction cost estimates since the original estimate was only \$135,000 and last quoted nearly three years ago. This additional expense was not added to the Project Ordinance prior to June 30, 2021, and the FY 2020-2021 Financial Audit revealed this oversight as a “finding”, which the LGC will expect to be corrected. After the Interim Manager received the new estimated construction costs, which will allow the town to proceed, Commissioner Covington made a motion to approve BA22-0906-01, to add the additional \$27,337, engineering costs to the East Allenton Sidewalk Extension Project Ordinance. Commissioner Richardson seconded the motion. Motion carried unanimously.

ITEM V. NEW BUSINESS

- A. William R. Huneycutt, CPA Proposal- Yellowbook Audit
Commissioner Covington made a motion to approve William R. Huneycutt, CPA to conduct a required YellowBook Audit of the 2021 Financial Statements for a one-time fee of \$1,000. Mayor Pro Tem McAuley seconded the motion. Motion carried unanimously.
- B. Planning Board Member Appointments
The Board reviewed four applications that were received for the two vacant seats on the Mount Gilead Planning Board. Ms. Jessica Ingram was unanimously chosen for the in-town seat and Mr. Lynn Smith was chosen for the Extra Territorial Jurisdiction (ETJ) seat. Two other applications were received Mr. Bruce Genth (in-town) and Mr. Darrell Turner (ETJ). Mr. Turner was deemed ineligible to serve because he resides outside the ETJ (one mile surrounding the city limits). These new members will serve a three-year term ending in October 2024.
- C. Road Closure for Special Events
Two resolutions were presented to the Board for approval for NCDOT road closures for special events. Main Street and Allenton Street are being requested to be closed for the Fall Festival on October 16, 2021, and December 4, 2021, for the Christmas Parade and Christmas Tree Lighting. Commissioner Richardson made a motion to approve both resolutions. Mayor Pro Tem McAuley seconded the motion. Resolutions were unanimously approved.

ITEM VI. STAFF REPORTS

Staff reports were presented by Interim Manager Bill Zell, Police Chief Pat Preslar and Public Works Director Daniel Medley and were attached to the Board packets.

ITEM VII. COMMISSIONER REPORTS

None

ITEM VIII. ADJOURNMENT

With no more Board business Mayor Pro Tem McAuley made a motion to adjourn the meeting. Commissioner Richardson seconded the motion. Meeting was unanimously adjourned at 8:15 p.m.

Manager's October Monthly Report

- The Fall Festival was a huge success, Thanks to Amy, Lee Ann and Lessie
- There have been two rezoning requests for single parcels of land, one from R-8 to GB and one from GB to R-8. The Planning Board will look at these two requests at their meeting on Oct. 28th and then we'll advertise for the public hearing for the Dec. 7th Town Board Meeting where you will make the final decision on whether to make the change or not.
- Met with the Planning Board on Thursday October 28th via zoom to discuss the two rezoning requests. Their recommendations will be made public at the Dec. 7th Town Board Meeting.
- We will be meeting with the folks from Mohawk Industries in Nov. to discuss LKC's findings on the feasibility for the Town to take on their discharge.
- Worked with the Mayor preparing the conditional offer for new Town Manager.
- Have prepared an information sheet for the new Town Manager on projects and other information he'll need to know about along with a contact sheet with names and numbers of those folks he'll be dealing with.
- Worked with a new property owner on a situation where his parcel is surrounded on two sides with a town owned unopened road. He was interested in closing those roads and found that the process to make this official takes four consecutive weeks of advertising in the local paper and that he'd be responsible for the bulk of that cost, decided to not go forward. It was also discovered that the fee schedule does not include this process.
- Talked with Kathy Garner-Smith, with Montgomery County DSS regarding the new Low Income Household Water Assistance Program (LIHWAP) and she was hoping the Town of Mt. Gilead would become a member utility provider. This new program would help pay for qualified water and sewer users that fall behind on their payments. She sent me the information which I will turn over to the new Town Manager to decide whether to become a part of this program.
- Working with Earl Poplin of the Redevelopment Corp. on the roof repair needed at 111, 113 and 115 N Main St. The low bidder has decided that he can't meet the obligation because of material availability and lack of help, so Earl is now working with the second lowest bidder to see if they can get the job done. According to this bidder roofing materials to repair the roof are two to three months out for delivery.

MONTHLY HIGHLIGHTS

- Spoke with the owner of the property on Industry Ave (the dilapidated brick building) She said she tried to give it to the town, but the town wasn't interested. She has now reached out to a realtor about getting it sold. I let her know that we need to get the overgrowth cut away from the structure. As of today (10/28) a lot of overgrowth has been cut away from the structure. I've spoken with the realtor out of Charlotte, and he plans to put it on the market for her.
- The owner of 421 W Allenton St reached out to us via letter to let us know that she is on a fixed income, and she would not be able to abate herself. The structure at this property is falling in on itself.
- Spoke with the owner of 167 Washington Park Rd, his plans are to cut the overgrowth away from the structure and secure the doors and windows.
- Spoke with the owner of 203 E Second at the beginning of the month about his property. The overgrowth was so severe you were unable to see the structure. He has since cut away all the overgrowth and is looking to sell the structure.
- The property at 105 E Second St. was sold. Closed case and started over for new owner.
- Spoke with the owner of 507 S Wadesboro Blvd, her plans are to demolish the structure and get with Zoning to see what she can put back on the property. She is wanting to build a community center for senior citizens to visit.

Subject: Mount Gilead Police Department Monthly Report for October 2021

The month of October is always a busy month for the Police Department. From the fall festival, to the many Halloween events, we had them covered. The Fall Festival ran smoothly and we received many positive comments. We have several more events scheduled for the remainder of the year and we will continue to get the job done.

All of our fulltime personnel attended firearms training and qualification at the Montgomery Community College Firearms Range. Each officer reviewed use of force training and showed proficiency with his assigned firearms.

I continue reach out to the car dealership regarding our new vehicles for any information regarding their arrival. It appears it will be late in the year or next year before we can expect them. We are managing with what we have.

We continue to stay busy with investigations around town. Officers routinely follow-up with victims to gather any additional information that may assist in our investigations.

COVID 19 Risk – Department personnel are continuing to take the necessary steps to limit exposure when dealing with the public. Officers check temperatures at the beginning of each shift and disinfect their patrol vehicles at the end of the shift.
