Town of Mount Gilead Julius Chambers Avenue Water Line Project
Engineering and Design Services

The Town of Mount Gilead has received a Community Development Block Grant - Infrastructure (CDBG-I) award in the amount of \$2,204,000 by the North Carolina Department of Environmental Quality (NCDEQ) Division of Water Infrastructure (DWI) for wastewater infrastructure improvement project. Planning and initial engineering scope of work must abide by guidelines set by NCDEQ DWI and the CDBG-I grant program.

The grant project includes like-for-like rehabilitation or approved equivalent replacement of approximately 5,395 linear feet of water lines in the areas of Julius Chambers Avenue (from the intersection of North Pine Street to its intersection with Lewis Street and McAuley Church Road, crossing Marshall Street and Hoffman Drive), North Pine Street, Williams Street, Lewis Street, and Emmaline Street (approximately 2,880 linear feet). If time and budget allow, alternate streets to replace water lines include Julius Chambers Avenue (from the intersection of North Main Street to the intersection of North Pine Street, crossing Highland Avenue and Hillcrest Avenue), and McAuley Church Road (approximately 2,515 linear feet). Construction must be completed by **June 30, 2028**.

In compliance with 2 CFR Part 200, the Town of Mount Gilead is soliciting qualifications for a licensed engineer/engineering firm to provide professional services necessary to prepare plans, specifications, and bid documents to assist the Town with bidding, bid award procedures, construction contract administration and to provide construction inspection, as needed, all in accordance with the requirements of the Community Development Block Grant (CDBG) Program. The fee for construction administration services and grant management will be paid with CDBG-I funds. Engineering payment terms will be negotiated with the selected firm. The fee for professional engineering services will be paid with CDBG-I funds.
